

February 9th, 2016

Dear Prof Capovilla,

Further to a recent meeting of the 2016 (CEA) European Awards Committee, we are writing to inform you, that following your nomination of Prof Federico Vigeveno, he has been selected by the committee as one of two recipients of the 2016 (CEA) European Epileptology Award.

Given the high calibre of the proposals for this award, selecting the winner was indeed a difficult task and much time was spent deliberating on the outcome.

Please note that we have also written to Prof Vigeveno to inform him of the committee's decision.

We look forward to seeing you at 12th European Congress on Epileptology in Prague on 11th – 15th September 2016.

Best Regards,

Meir Bialer
Chair of the CEA Awards Committee

Dear Prof Capovilla,

Further to a recent meeting of the 2016 (CEA) European Awards Committee, we are writing to inform you, that following your nomination of Dr. Nicola Specchio, he has been selected by the committee as one of two recipients of the 2016 (CEA) Young Investigator Award.

Given the high calibre of the proposals for this award, selecting the winner was indeed a difficult task and much time was spent deliberating on the outcome.

Please note that we have also written to Dr. Specchio to inform him of the committee's decision.

We look forward to seeing you at 12th European Congress on Epileptology in Prague on 11th – 15th September 2016.

Best Regards,

Meir Bialer
Chair of the CEA Awards Committee
