

1st Rome Debate on Severe epilepsies and Developmental and Epileptic Encephalopathies May 26th 2022 / 02:00–07:30 PM CEST / **Virtual Meeting**

FACULTY

Eleonora Aronica (The Netherlands)
Alexis Arzimanoglou (France)
Stéphane Auvin (France)
Roberto Caraballo (Argentina)
Helen Cross (UK)
Paolo Curatolo (Italy)
Aristea Galanopoulou (USA)
Renzo Guerrini (Italy)
Shinichi Hirose (Japan)
Solomon Moshe (USA)
Nicola Specchio (Italy)
Marina Trivisano (Italy)
Federico Vigevano (Italy)
Matthew Walker (UK)

PROGRAM

02:00 PM

INTRODUCTION

Why a debate and why Severe epilepsies and Developmental and Epileptic Encephalopathies
P. Curatolo - *F. Vigevano* (Italy)

BASIC SCIENCE

Chairs: *S. Moshe* (USA) - *M. Walker* (UK)

02:15 PM Genetic panel e molecular testing - *Marina Trivisano* (Italy)

02:45 PM Pathophysiology - *S. Hirose* (Japan)

03:15 PM Cellular and molecular mechanisms - *E. Aronica* (The Netherlands)

03:45 PM From targets to treatments: insights from animal models - *A. Galanopoulou* (USA)

04:15 PM Discussion

FROM BENCH TO BEDSIDE

Chairs: *H. Cross* (UK) - *R. Caraballo* (Argentina)

04:30 PM From genetic testing to the phenotype: going back on EEG and seizure semiology
R. Guerrini (Italy)

05:00 PM New Antiseizure medications - *S. Auvin* (France)

05:30 PM Personalized medicine where we are: is still far from the real world?
N. Specchio (Italy)

06:00 PM Discussion

ROUND TABLE

Chairs: *A. Arzimanoglou* (France)

06:15 PM What next in Severe epilepsies and Developmental and Epileptic Encephalopathies
 Do clinical trials are sufficiently designed and what to expect from industries and academy - *all Speakers and Chairs*

CONCLUSIONS

07:15 PM The lesson learned, perspectives and plans - *N. Specchio* (Italy)
